

CSU RETIREE BENEFITS

The California State University would like to thank you for your service.

**We hope you find the information provided in this booklet helpful
as you transition from active to retiree benefit coverage.**

CSU RETIREE BENEFITS

This brochure is intended to provide a brief overview of the California State University (CSU) sponsored benefits available to you if you retire from the CSU under the California Public Employees' Retirement System (CalPERS) and meet the eligibility requirements specific to each benefit. You also may visit the CSU's retiree website at csuretirees.calstate.edu for additional details.

AVAILABLE RETIREE BENEFITS

- CalPERS Health (Basic and Supplemental)
- Delta Dental (Basic and Enhanced)
- Vision Service Plan (Basic and Premier)
- The Standard Basic Life Insurance
- The Standard Voluntary Supplemental Life Insurance
- The Standard Accident Insurance
- The Standard Critical Illness Insurance
- ARAG Legal Insurance
- California Casualty Auto, Home and Renters Insurance
- Nationwide Pet Insurance

ELIGIBILITY

CSU retiree health, dental, and vision insurances are available to you (and your eligible dependents) if you retire within 120 days from the date of your separation from CSU employment. Retirees are able to change their enrollments in these plans during Open Enrollment, or during a qualifying event.

Basic life, voluntary supplemental life, accident and critical illness insurances can only be continued if you are enrolled at the time of retirement or separation. The legal plan can be enrolled in during any Open Enrollment period, while auto/home/renters insurance and pet insurance can be enrolled in at any time.

CSU RETIREE HEALTH AND DENTAL VESTING REQUIREMENTS

Service retirement is a lifetime benefit. Employees can retire as early as age 50 with five years of CalPERS pensionable service credit. However, if all service is earned on or after January 1, 2013, then you must be at least age 52 to retire. Most CSU employees only need to be eligible to retire in order to be vested for retiree health and dental benefits. If you were hired on or after the dates shown below, or became a CalPERS member after these dates, you may be subject to a 10-year vesting period for retiree health and dental benefits. Service credit from a reciprocal agency is not a factor in determining initial eligibility or count towards service credit for retiree health and dental vesting. However, once you reach 10 years of creditable service credit, you are fully vested and qualify for 100 percent of the state's contribution towards your health premium.

10-Year Health and Dental Vesting Period:

New employees hired by the CSU for the first time and who first become CalPERS members on or after the following dates are subject to the 10-year vesting period for health and dental benefits.

- Collective Bargaining Unit 3 – July 1, 2017
- Collective Bargaining Units 1, 2, 4, 5, 6, 7, 9 and 10 – July 1, 2018
- Non-Represented Employees (Executives, Management, Confidential, Excluded) – July 1, 2018
- Collective Bargaining Unit 11 (Teaching Associates) – July 1, 2019

RETIREE HEALTH BENEFITS

CalPERS administers health insurance coverage for CSU retirees and their eligible dependents. Retirees can choose from a broad range of health insurance plans. In general, you can change your health plan and/or add/delete dependents during Open Enrollment in the fall or within 60 days of a qualifying life event. Your health premiums are deducted from your retirement check.

The state pays a portion of your health insurance premium. You must pay the difference between the state contribution amount and the premium for the health plan in which you are enrolled.

$$\text{Your plan's monthly premium} - \text{What's paid by the state} = \text{Your monthly cost}$$

State Health Contribution Rates for 2024

ONE-PARTY \$983	TWO-PARTY \$1,890	FAMILY \$2,366

For further information regarding health plans, coverage and premiums, visit the CalPERS website at calpers.ca.gov.

Transitioning from Active to Retired Health Coverage

If you are enrolled in a CalPERS health plan as an active employee, your health coverage generally continues automatically into retirement if your permanent separation date and retirement date are within 30 days of each other.

If you are benefits eligible, but not enrolled in the health benefits at the time of retirement, you have the option to enroll in coverage at retirement, within 60 days of retirement, or during any future Open Enrollment period. This also applies if you are enrolled in FlexCash at the time of retirement. However, in this case, coverage will be established on a prospective basis.

If you and/or your spouse/registered domestic partner are Medicare-eligible, receiving retirement health benefits, and not enrolled in a CalPERS Medicare health benefits plan, you will need to enroll in a CalPERS Medicare health benefits plan within 60 days of retirement in order to continue your health coverage through the CalPERS Health Program without a lapse.

Faculty Early Retirement Plan (FERP) Note: FERP participants are considered retired even though they continue to work after their CalPERS retirement date. Therefore, they do not have the option to defer Medicare Part B enrollment for themselves or their Medicare-eligible spouse/domestic partner. These participants receive health insurance through their participation in the CalPERS "retirement group-provided health plan." Therefore, FERP participants and/or their spouse/registered domestic partner must enroll in Medicare Parts A and B and transfer to a CalPERS Medicare health plan at the time of retirement.

DENTAL BENEFITS

The CSU pays 100 percent of the monthly premium cost for basic dental coverage for all eligible retirees and their eligible dependents, which includes a spouse or registered domestic partner and/or children up to age 26. For an additional monthly fee, retirees and their eligible dependents can enroll in the same Enhanced Plan they had as a California State University active employee. Keep in mind, retirees and their dependents must be enrolled in the same plan and level of coverage.

Delta Dental offers a preferred provider organization (PPO) in addition to a dental health maintenance organization (DHMO) plan; DeltaCare USA. The Delta Dental PPO and DeltaCare USA plans both offer comprehensive dental coverage, quality care and excellent customer service.

You can contact the Delta Dental PPO plan dedicated phone line at (800) 626-3108 or the DeltaCare USA DHMO plan at (844) 519-8751.

	Retiree + One	\$41.63	\$31.08	\$10.55

The CSU pays 100 percent of the monthly premium cost for the Basic Plan dental coverage for all retirees and their eligible dependents, which includes a spouse or registered domestic partner and/or children up to age 26.

CalPERS is responsible for:

- Maintaining dental benefit enrollment records for all eligible CSU retirees and processing retirees' dental enrollments.
- Maintaining retiree contact information.

You can confirm your enrollment upon retirement by logging in to My|CalPERS. If you are enrolled, the plan name will be listed. Remember, there is no monthly deduction for the basic plan; CSU pays the monthly premium for coverage.

Transitioning from Active to Retired Dental Coverage

If you are enrolled in a CSU Delta Dental plan, your dental coverage generally continues automatically into retirement if your permanent separation date and retirement date are within 30 days of each other. If you are enrolled in the Delta Dental enhanced level coverage as an active employee, you will have the option to continue enhanced coverage for a monthly fee or be covered at the basic level at no cost to you. You must reach out to your campus benefits office to select enhanced coverage into retirement; otherwise, you will be placed in basic retiree dental coverage. You may enroll in enhanced coverage within 60 days of retirement or during the next Open Enrollment period if you are unable to notify your campus benefits office of your selection.

If you are benefits eligible, but not enrolled in the dental benefits at the time of retirement, you have the option to enroll in coverage at retirement, within 60 days of retirement, or during any future Open Enrollment period. This also applies if you are enrolled in FlexCash at the time of retirement. However, in this case, coverage will be established on a prospective basis.

The preceding information is not all inclusive. The information is offered only as a brief description of your dental program, what Delta Dental pays for services covered under the program and is not intended for use as a summary plan description nor is it designed to serve as an Evidence of Coverage for the program. If you have specific questions regarding benefit structure, limitations or exclusions, consult your Evidence of Coverage or call Delta Dental PPO at (800) 626-3108 or Delta Care USA at (844) 519-8751.

* When visiting a PPO dentist, diagnostic and preventative services (like cleanings and exams) will not count against your annual maximum. Also, once you have opted in to the SmileWay Wellness Benefit, higher risk retirees with specific diagnosed conditions that contribute to gum disease, may benefit from additional periodontal cleanings covered at 100%.

VISION BENEFITS

The Vision Service Plan (VSP) is a voluntary plan which is fully paid by the retiree. Retirees have up to 60 days after their retirement date to enroll in VSP. You can enroll yourself and your eligible dependents either in the Basic or Premier Plan. The Premier Plan offers a higher level of benefits for lenses, contacts and frames and the monthly cost is slightly higher than the Basic Plan. If you enroll in the Premier Plan, you will be required to remain in the plan for a minimum of 12 months.

The 2024 monthly costs for the Basic and Premier coverage are as follows:

Basic Plan (# 30059425)	Premier Plan (# 30078083)
Retiree Only \$5.10	Retiree Only \$14.83
Retiree + One \$9.31	Retiree + One \$27.63
Retiree + Family \$9.98	Retiree + Family \$29.64

Transitioning from Active to Retired Vision Coverage

If you wish to continue VSP vision coverage after you transition from active to retiree status, you must complete a VSP enrollment form or your coverage will end the second month after your last day on payroll. The VSP enrollment form can be found on VSP's website located at csuretirees.vspforme.com and must be mailed to VSP within 60 days of retirement or during any future Open Enrollment period. Upon initial enrollment as a retiree, VSP will bill you directly for the first three months - if payment is not received, VSP will cancel your coverage. After this period, the premium cost will be deducted from your retirement check.

You can confirm your enrollment by reviewing your monthly retirement check, by registering on VSP's retiree website at csuretirees.vspforme.com or by calling VSP at (800) 400-4569.

ADDITIONAL CSU BENEFIT INFORMATION

Open Enrollment

Open Enrollment occurs every year usually from mid-September to mid-October. Retirees can learn more about Open Enrollment at calstate.edu/csu-retirees/Pages/open-enrollment.aspx.

Open Enrollment is the time of year retirees should evaluate their existing benefit options as well as any new changes that may occur in the upcoming year and determine if there is a need to make any changes. This is the best time to review your benefit options for yourself and your eligible dependents.

CALPERS DEPENDENT ELIGIBILITY VERIFICATION (DEV)

CalPERS must verify the eligibility of your dependents enrolled in health and dental benefits once every three years. The verification cycle is based on the retiree's birth month. The chart below represents the dates dependent verification will be requested.

Year of Verification	2024	2025	2026	2027	2028	2029
Subscriber Birth Month	January April July October	February May August November	March June September December	January April July October	February May August November	March June September December

Verifying Family Members

Ninety (90) calendar days before the retiree's birth month, CalPERS will send you a letter with the verification due date, a list of the enrolled family members you must verify, and the acceptable verification documents. It is important that you promptly provide the verification documents to CalPERS. CalPERS will verify the same family members for dental benefits.

Your family members may lose their health and/or dental coverage if you delay providing the required verification documents to CalPERS.

For additional information regarding CalPERS verification schedule and the required documents, you can visit the CalPERS website calpers.ca.gov. Click the "Retirees" tab, then go to "Health & Medicare" tab.
