Overview of the Four Quadrants

The application dashboard is divided into four sections or quadrants. Each quadrant includes categories of questions. The first three quadrants are required for all programs. The fourth quadrant, Program Materials, corresponds to the programs you have selected.

Select the quadrant to complete by clicking inside the box. A list of tiles will display. Within each tile are questions to complete. Open each tile and complete required questions. Once all questions in the tile have been answered select ‘Save and Continue’. A check is added to the tile list indicating it has been completed. A status bar for each tile tracks the progress towards completion.

All tiles within each section must be completed.

Program Materials includes only program related questions. If none are required, sections in the tile that correspond to selected programs will be checked as complete. Admission information related to the program may be listed there for reference. Even if there are no questions to complete, we recommend you read the information in the tile.

The Save and Continue button at bottom of each section will be grayed out until all required fields are filled. If it does not change after answering all questions, go back and review responses to make sure all required fields are completed.

After selecting ‘Save and Continue’ a pop up box confirming Save Successfully will appear.
