INTRODUCTION AND PREPARING TO APPLY

What is Cal State Apply?

Cal State Apply is the Centralized Application System for all 23 campuses in the California State University (CSU) system. **You only need to submit ONE Cal State Apply application** even if you are applying to multiple CSU campuses (note: each campus you apply to has a \$70 fee).

When to fill out the application

Use this chart and the information below to help guide you on application deadlines:

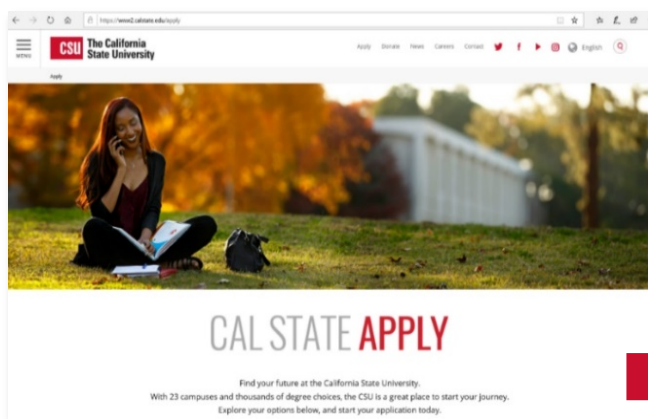

Term	Application Opens	Application Closes
Fall 2022	October 1, 2021	November 30, 2021
Spring 2023	August 1, 2022	August 31, 2022

Review the [Application Dates & Deadlines](#) information on calstate.edu/apply before starting your application to find out which programs are available for each term.

- **Be sure to apply for the correct term.** Do not apply before the “application opens” date listed in the chart above. A submitted application is only considered for the term which you applied.
- **Deadlines vary from campus to campus**, and not all campuses accept applications each term, nor for every program. For details, contact the [campus admission office](#).
- **There may be supplemental materials and/requirements you are asked to provide.** Check the campus website(s) for more details, and be sure to check your email regularly

How to apply

Start by visiting calstate.edu/apply. Then, click the term you are applying for in the drop-down menu.

Select a Term to Apply For 

About this guide

This guide provides instructions for international applicants on creating an account in Cal State Apply and completing the Personal Information and Academic History areas of the application as they relate to international applicants.

While some parts of the application may not be covered in this guide, you can find detailed help text within the Cal State Apply application and the [Applicant Help Center](#).

Who should use this guide

For the purpose of the admission application, **you are an international applicant if you require an F1 or J1 visa to study in the United States.** Applicants with other visa statuses can also use this guide.

Information to review before you apply

The calstate.edu/apply website provides general information about campuses, programs and minimum admissions requirements for international students. Please review the information prior to applying,

It is also recommended you view the campus website for details on requirements. From the calstate.edu/apply/international page select the campus under “Choosing a Campus.” For questions and detailed information, please contact the campus.

About the Applicant Help Center

Use this guide as a supplement to the instructions provided in the [Applicant Help Center](#). To access the Applicant Help Center, click on your name in the upper-right hand corner of the Cal State Apply application.

FIRST STEPS IN YOUR APPLICATION

Reviewing your selection(s)

Before moving on, review your program selections. This page shows you all programs you are applying to, your application status, and total fees due.

You will review this information again later on the **Submit Application** tab to ensure you are ready to submit.

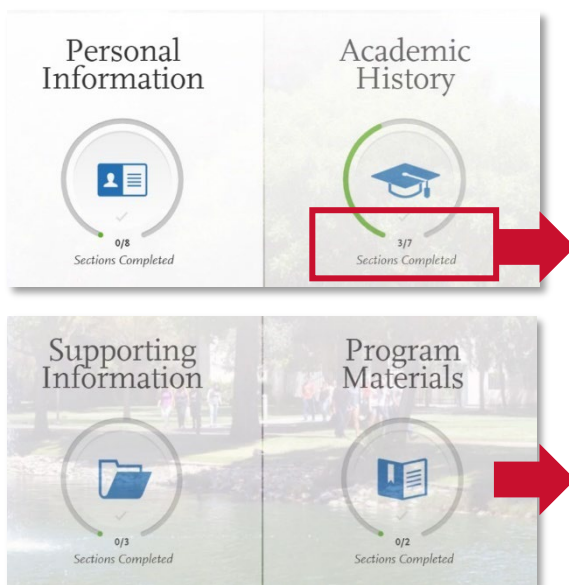

How the information you enter is used

The CSU uses self-reported coursework to calculate overall GPA and to determine admission eligibility. Failure to report all coursework completed may adversely affect admission eligibility and could result in a denial decision.

The four parts (quadrants) of your application

Click the **My Application** tab to complete the rest of your application. You must complete all sections for a quadrant to show as complete. All quadrants must be complete to submit your application.

This shows your progress towards completing all the required information for this quadrant.

***Don't skip the Program Materials section.** Even if it appears complete, be sure to click and read the Program Materials quadrant as there is usually important information about the program(s) you are applying to in this section.

HIGH SCHOOL COURSEWORK

Reporting foreign (outside US) high schools

You are not required to complete the following areas for foreign (outside US) high schools:

- High School Coursework
- A-G Matching sections for foreign high schools.

This includes applicants who are US citizens and only attended foreign high schools, as well as applicants who only attended foreign high schools but may have taken a US course.

If your coursework is split between a US and a non-US high school

For applicants that have some of their credit taken outside the US and some of it taken at a US high school, enter only US high school coursework that meets the A-G requirements. For instructions see the High School Coursework section of the Help Center.

Students in this scenario may not fulfill all of the A-G subjects on this application. The campus admissions office will review the file and include the international coursework using transcripts provided by the applicant.

If all coursework is taken at US high school or International American high school

For applicants whose coursework is taken entirely at a US high school or an International American high school, enter in the coursework that fulfills the A-G requirements. In the A-G Matching section of the application, these applicants should also follow the instructions to match their coursework to A-G requirements.

For help on entering US high school coursework into your application, see the steps in the **Freshmen Application Guide** or the **Transfer Application Guide (High School Coursework section)**.

COLLEGE COURSEWORK

What to include in College Coursework

Complete the College Coursework section by entering all college courses you've taken, have planned, or have in progress. This includes non-transferable courses and repeated courses. College Coursework for foreign institutions is not required.

Use official copies of your transcripts and enter courses carefully as they appear on your transcripts. Initial admission eligibility determination is made based on applicant reported courses and grades. Domestic undergraduate degree applicants are required to enter all college coursework based on transcript information as it appears on the transcript.

Adding college coursework

On the College Coursework main page, you should see each college/university you entered into the Colleges Attended section. Under the college/university name, you will have a progress bar and a Start button. Hit the **Start** button to begin entering courses for that college/university.

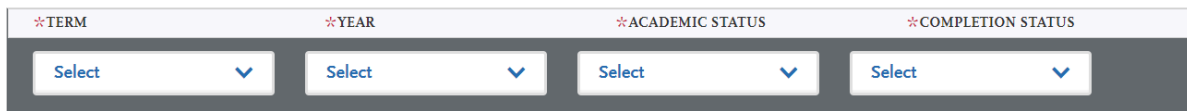

Adding a term

You will enter your courses by term. Start by adding your first term. Depending on the term type you selected in Colleges Attended, it will prompt you to add a semester, trimester, or quarter (example shows "add a semester")

COLLEGE COURSEWORK

Then, enter term, year, academic status and completion status.

- **Term and Year:** The options that appear are based on information you entered in the Colleges Attended section. If you are still attending the college/university, future years display to allow entry of in-progress and planned courses, If the year is missing you can go back to Colleges Attended to update the dates of attended for the college/university.
- **Academic Status:** Corresponds to the number of credits completed at the time you began that term. Use the guide on the right to help determine academic status. For any courses that were taken outside of the typical academic statuses, select Freshman.

Freshman: 0-29 semester credits
Sophomore: 30-58 semester credits
Junior: 60-89 semester credits
Senior: 90+ semester credits

Enter course information for the term line by line, following the sequence of the transcript copy you are using for reference. Complete all fields for a course before selecting to add another course. After each line, select "Add A Course" to continue entering courses for the specified term.

Enter a course

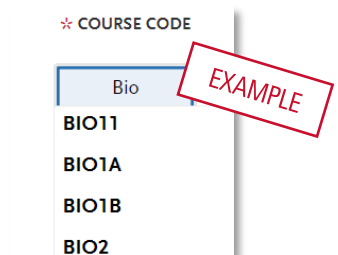

Enter course information for the term line by line, following the sequence of the transcript copy you are using for reference. Complete all fields for a course before selecting to add another course. After each line, select "Add a Course" to continue entering courses for the specified term, until all your courses are entered for that term.

STEP ONE – Click Add a Course to add courses for that term.

STEP TWO – Enter the course code.

- Department prefixes (Subject) and course numbers must exactly match what appears on your official transcript. **Do not enter any space between the subject and the number (e.g. enter "BIO2," not "BIO 2")**
- As you type in the course, those listed in the ASSIST transferable course table appear in the drop-down list.
-

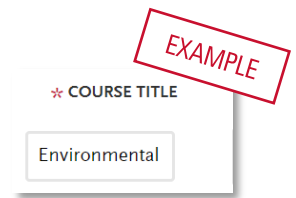

COLLEGE COURSEWORK

- If your course does not appear on the drop-down list automatically, manually enter the course subject and number exactly as it is listed on your transcript.

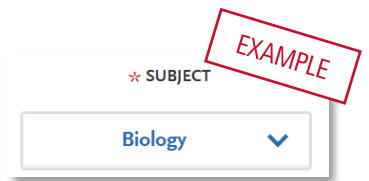

STEP THREE – Enter the **course title**.

- Course title and course credits will pre-populate if selected from the Course Code results list (previous step).
- If you manually entered a Course Code, you must also manually enter the Course Title.
- This box allows you to enter the full title even though only part of the title is visible on the screen.

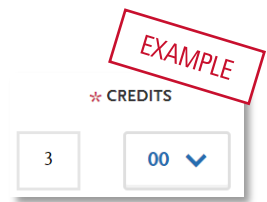

STEP FOUR – Select the course subject area.

- Select the subject area from the drop-down list. In most cases, it is the same as the Course Code entered before.
- This field does not default with a value so make sure you select a subject for each course line as you cannot save the page without entering this information.
- It is recommended that you select the more specific subject, if available. If there is no corresponding subject, select Special Topics.

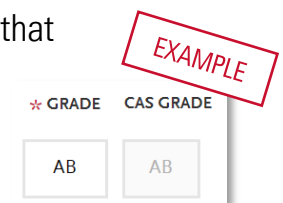

STEP FIVE – Enter the **course credits** exactly as they appear on your transcript.

- Enter the first digit, and then use the pulldown to select the decimal value.
- If credits automatically populate from Course Code entry earlier, double-check that the values match what is listed on your transcript. You may need to adjust credit amounts for variable credit courses.

STEP SIX – Enter the **grade** exactly as it appears on your transcript, including any pluses or minuses. All attempts and grades should be included.

- Enter Pass grades as "P" and Credit grades as "CR."
- If your grades are listed as "BA," "CB," or "DC," you must list them as "AB," "BC," and "CD" in order for the system to recognize them (higher grade first).
- If your grades are listed as numbers (e.g., 93), enter them exactly as they appear on your transcript. They will automatically convert to the equivalent CAS letter grade.
- If you have repeated courses or Academic Renewal courses to report, [see this section of the guide](#) for details.
-

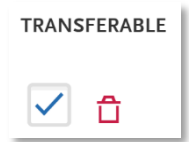

COLLEGE COURSEWORK

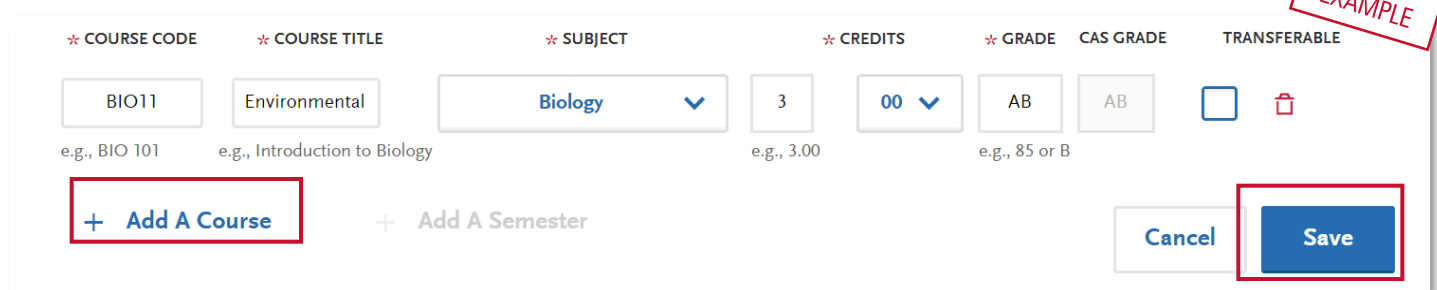

- The CAS Grade populates automatically. This allows us to standardize your coursework for all programs and cannot be edited.

STEP SEVEN – Click the checkbox if the course is CSU transferable. This box is defaulted to be **unchecked** so you must check the box to note the course is transferable.

Be sure to click Save.

A small rectangular box with the word "TRANSFERABLE" at the top. Below it is a checked checkbox and a trash icon.

Tips for determining course transferability

- California Community College students can use ASSIST.org to view CSU transferability.
- Course numbering system on the back of the transcript or in course catalog often indicates college level, bachelor degree applicable courses.
- CCC course catalog may indicate CSU in the course description.
- Does not include college preparatory or remedial level coursework.
- Check with transfer counselor at community college

Add additional terms/semesters

Select "Add A Semester" to add courses for another term. Repeat steps until all terms have been entered.

For terms that are in progress or planned, select In Progress/Planned in the drop-down box in the term header. Grades are not required for in progress or planned terms.

A success message box with an information icon and the text: "Success! Now add the rest of your courses, making sure to add them under their proper semester." Below the message is a red arrow pointing to the "+ Add A Semester" button, which is highlighted with a red box.

COLLEGE COURSEWORK

Once coursework entry is completed for all reported colleges, double check your information by visiting the main page of the College Coursework section (click “College Coursework” on the left). Run through these steps to make sure you’ve reported everything accurately. **Remember, no changes can be made to coursework entry once you submit your application.**

- Compare the information to your transcript. Make sure to enter ALL courses with correct unit and grade values. This includes non-transferable courses, withdrawals and repeats.
- Verify the Transferable box selection for all transferable courses, regardless of grade entered.

Checking your transfer GPA

Once all coursework has been entered you can preview your Transfer GPA by selecting Calculate my Transfer GPA at the top right of the main College Coursework page. If you add additional courses, you can recalculate.

Would you like to preview your Transfer GPA?

Please enter all your coursework to make sure your Transfer GPA is calculated correctly. For details on how the Transfer GPA is calculated, [click here](#).

Calculate my Transfer GPA

Repeats and Academic Renewal

For admission purposes, the CSU honors “the grading policies of the institution where credit was earned by accepting official transcript entries including those reflecting academic renewal, repeat, and incomplete grades” ([Admission Handbook 2020-2021](#)).

How to enter grades for repeats and academic renewal

Repeats: If transcript identifies the course as repeated and excludes the course from the college/institution GPA, enter a grade of “RP,” unless the repeat is in progress. If a repeat is in progress, the original grade is reported.

Academic Renewal: If your college offers academic renewal, use a grade of AR for courses noted as such on the transcript.

Reporting your standardized test credit

Enter credit awarded for AP, IB, CLEP or other exams noted on the primary college transcript as coursework. Add test credit to first term of attendance. The application will then include earned test credit in calculated transfer credit totals and allow you to apply it towards the eligible GE area in the General Education section.

* COURSE CODE	* COURSE TITLE	* SUBJECT	* CREDITS	* GRADE	CAS GRADE	TRANSFER
AP ENGL LAN	AP English Language	Test Credit - No Subject	3.00	CR	No	<input checked="" type="checkbox"/>

EXAMPLE

- Course code:** Enter test + abbreviated subject
- Course Title:** Enter full subject description starting with the test type AP, IB or CLEP
- Subject:** Select 'Test Credit – No subject' from drop-down menu
- Credits:** Enter credits awarded by transfer institution

YOU MUST REPORT TEST CREDIT IN BOTH COLLEGE COURSEWORK AND STANDARDIZED TEST SECTIONS.

A-G Matching

About A-G Matching

You are not required to complete the following areas for foreign (outside US) high schools:

- High School Coursework
- A-G Matching sections for foreign high schools.

This includes applicants who are US citizens and only attended foreign high schools, as well as applicants who only attended foreign high schools but may have taken a US course.

If your coursework is split between a US and a non-US high school

For applicants that have some of their credit taken outside the US and some of it taken at a US high school, enter only US high school coursework that meets the A-G requirements. For instructions see the High School Coursework section of the Help Center.

Students in this scenario may not fulfill all of the A-G subjects on this application. The campus admissions office will review the file and include the international coursework using transcripts provided by the applicant.

All coursework from US high school or International American high school

For applicants whose coursework is taken entirely at a US high school or an International American high school, enter in the coursework that fulfills the A-G requirements. In the A-G Matching section of the application, these applicants should also follow the instructions to match their coursework to A-G requirements.

For help on entering US high school coursework into your application, see the steps in the **Freshmen Application Guide** or the **Transfer Application Guide (High School Coursework section)**.

STANDARDIZED TESTS

Reporting standardized tests

In this section, you can self-report your standardized test scores or self-report tests you plan to take, such as SAT, ACT, AP, IB and CLEP exams.

For Fall 2022 Freshman admissions, the CSU will not be using standardized tests to determine your admission eligibility, although they may be used once you are admitted to place you in the appropriate math and English courses, as applicable. For more information, please visit the [First-time Freshman Frequently Asked Questions](#) page of the website.

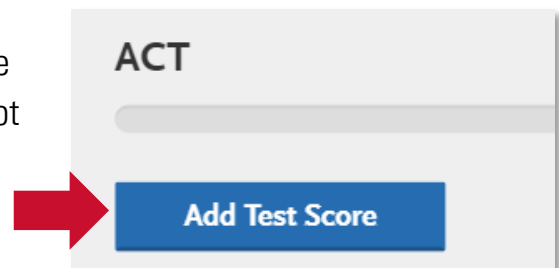

No tests to report? If you have not taken any standardized tests and do not have any planned, click:

[I Am Not Adding Any Standardized Tests](#)

To add a test score or planned test, simply click Add Test Score under the related test name, and enter your score or the date you plan to take the test.

If taken/planned, report your SAT and/or ACT results with the associated College Board ID or ACT ID number. If you have not yet taken the exam, simply add the date that you plan to take the exam.

Once you've entered test information, click Save This Test

YOU MUST REPORT TEST CREDIT IN BOTH COLLEGE COURSEWORK AND STANDARDIZED TEST SECTIONS.

For more information on how to enter your standardized test credit for CSU GE, see the College Coursework section of this guide.
