Navigating Impaction, Local Area & Redirection

September 2020

Information in this presentation pertains to all CSU campuses. Campus names on each slide pertain to the background picture.
Agenda

• Definitions
• Impaction and Resources
• Local Admission Area
• Local Applicant Admission Priority
• Redirection
Definitions

• Impaction – When a program or level (first-time freshmen, upper-division transfer) or campus receives more applications from eligible applicants during the initial application filing period than can be accommodated given the available resources.

• Local – students who graduate from a high school or community college district historically served by a CSU campus in that region.

• Redirection - A process that ensures that applicants eligible for admission who cannot be accommodated at their first-choice campus(es) are redirected to another CSU campus without having to complete another application for admission.
Impaction Information & Resources
When a campus receives a greater number of applications from eligible students but does not have enough spaces to offer admission to all those eligible students. Therefore, meeting the minimum requirements may not be enough to gain admission to a CSU.

Campuses determine admission based on program/major applied
As you get ready to apply to the CSU, you may find that a campus or undergraduate major you’re considering is “impacted,” meaning there are more applications from qualified applicants than there are available spaces. If you’re interested in an impacted major or campus, be sure to apply for admission during the initial filing period, October 1 to November 30.

What is Impaction?

Impacted Majors & Campuses Search

If you’re a first-time freshman or upper-division transfer student to the CSU, you can use this database to find out whether a degree program or campus you’re interested in is affected by impaction.

Impacted Programs Matrix

Use this chart to see at a glance which undergraduate programs are and are not impacted at campuses across the 23-campus CSU system.

CSU Local Admission & Service Areas

When a campus is impacted, students who apply from areas nearest a campus are given priority admission.

Redirection

Certain students applying to the CSU may be referred to an alternate campus if their preferred campus is impacted.

Local Admission Priority

• Required by the 2017-18 California State Budget Act

• Local students: first admission priority – By May 2018, trustees shall approve policy that requires first priority in admission to impacted programs to CSU-eligible local students. Policy shall include both local first-time freshmen and transfer students; must comply with SB1440

• Effective Fall 2019
Local Admission Priority

- First priority to local applicants for all impacted programs at all campuses
- Details published on campus websites
- Finite advantage over non-local applicants
- Not an admission guarantee
Impacted Program First Priority

- Determined by each campus
- Campuses that are not impacted will use local service area for priority
- Local priority criteria is posted on campus impaction websites
- Local applicants will still be subject to the supplemental impaction criteria imposed on all applicants
- Not used to assist a student in meeting CSU Minimum Eligibility
- First-time freshman not admitted would be eligible for redirection and would be notified of CCC options, ADTs, and encouraged to transfer in the future
Redirection

• Required by the 2017-18 California State Budget Act

• **Redirect student applications** – By May 2018, trustees shall approve policy to redirect applications to non-impacted CSU campuses if the student is CSU eligible but is denied admission to an impacted campus

• Effective Fall 2019
Redirection

- Applies to all CSU-eligible undergraduate applicants who have not been admitted to any CSU campus they applied
- Includes waitlisted students
- Applies to:
  - First-time Freshman
  - Associate Degree for Transfers
  - Upper Division Transfers
- Considered CA residents for tuition purposes
Redirection, Continued

- Eligible applicants will be notified of option to be redirected
  - Fall – After April 1st
  - Spring/Winter – After November 1st
  - Sent to Cal State Apply to provide response and select non-impacted campus first and second choice
- Applicants have 21 days to respond via Cal State Apply
  - Then an additional 14 days
- If no response will be redirected to a non-impacted campus with capacity
  - Provides a safety net to all CSU eligible applicants
We were recently notified that your Fall 2019 application to the California State University campus(es) that you selected were not accepted due to limited campus capacity.

Good news! There are still a number of CSU campuses that are willing to accept your application for Fall 2019 through redirection. Redirection provides the opportunity for your application to be redirected to a CSU campus that has capacity for additional students. To learn more about redirection and the available campuses, please visit the [Redirection Page](#).

*You just need to tell us your first- and second-choice campus or let us know you are not interested.*

To provide your response, please complete the following steps:

1. [Log in](#) to your Cal State Apply Account
2. Navigate to the third quadrant, Supporting Information, then select Fall Redirection
3. Enter your responses
4. Save the page. *Once you save the page all responses are final.*

Your application to the CSU will be redirected to your first-choice campus unless that campus reaches its capacity. To ensure your application is redirected to your first-choice campus, please provide your choices in Cal State Apply as soon as possible. This is at no cost to you.

We look forward to your response.

Thank you,
Redirection

Frequently Asked Questions About Redirection

Q: Do I have to pay a SSS application fee to have my application redirected?
A: No, you do not need to pay another application fee to have your application redirected.

Q: Why am I being asked if I would like my application redirected?
A: You applied to campuses, or majors at CSU campus, that were impacted and you were not accepted, due to limited capacity.

Q: To which campuses can I have my application redirected?
A: There are several non-impacted campuses that will accept your redirected application.
Redirection – Student Response

All responses are final once the student saves the page.
Closing Reminders

• Local applicants receive priority
• Non-impacted campuses use CSU Minimum Eligibility for admission
• Depending on the campus and major applying – selection can be highly competitive
• Avoid setting expectations
  • “Brian was told by counselors that he would undoubtedly be accepted to at least one of the schools he applied to.”
• Redirection opportunity is communicated via email
• Redirection happens later in the cycle – could impact housing availability, financial aid, EOP, etc.
