INTRODUCTION

SCOPE AND MISSION

The California State University strives to provide high-quality, affordable higher education to meet the changing workforce needs of California, making the CSU a driving force behind California’s prosperity and diverse communities.

THE CSU:

• Is the nation’s largest four-year public university system.

• Has 23 campuses and eight off-campus centers.

• Educates approximately 437,000 students.

• Employs 44,000 faculty and staff.

• Stretches from Humboldt in the north to San Diego in the south.

• Is renowned for the quality of its teaching and preparing job-ready graduates.
MASTER PLAN FOR HIGHER EDUCATION

The CSU system was created in 1960 under the California Master Plan for Higher Education.

The CSU draws its students from the top third of the state’s high school graduates and is California’s primary undergraduate teaching institution. Continuing to expand its educational scope and help meet California’s workforce demands for skilled professionals, the CSU offers independent doctor of education, doctor of nursing practice and doctor of physical therapy programs at numerous campuses.

WORKING FOR CALIFORNIA

The CSU plays a critical role in preparing outstanding candidates for the job market.

With nearly 100,000 annual graduates, the CSU is the state’s greatest producer of bachelor’s degrees and drives California’s economy in agriculture, information technology, business, hospitality, life sciences, healthcare, public administration, education, media and entertainment.

IN FACT:

For every $1 the state invests in the CSU, the CSU returns $5.43.

The CSU sustains more than 150,000 jobs in the state.

CSU-related expenditures create more than $17 billion in economic activity.

The CSU also reaches out to California’s growing underserved communities, offering affordable opportunities to pursue a college degree that enables students from diverse backgrounds to succeed. The CSU provides more than half of all undergraduate degrees granted to California’s Latino, African American and Native American students.
Responsibility for the CSU is vested in a 25-member Board of Trustees, the majority of whom are appointed by the governor to eight-year terms.

Faculty, alumni and two student trustees serve two-year terms. The trustees appoint the chancellor, who is the system’s chief executive officer, and the presidents, who are the chief executive officers on their respective campuses and who report to the chancellor. The trustees, chancellor and presidents develop systemwide policies.

The CSU has a significant impact on the state through the personal contributions of current students and alumni. The system’s students largely come from California and mostly remain in the state after graduation, using their increased skills and knowledge to help California flourish.

WHERE DO CSU STUDENTS COME FROM? IN FALL 2012:

96% 96 percent of all enrolled students came from California.

87% 87 percent of new first-time freshmen came from California public high schools.

91% 91 percent of new undergraduate transfers came from the California Community Colleges.
COMMUNITY ENGAGEMENT IN THE CSU

As a public university system with diverse perspectives and unique strengths, the CSU partners with nearly 2,300 public agencies, nonprofits, businesses and other groups to make a difference—both domestically and internationally—through numerous community engagement activities, including service learning, community-based research, alternative break programs and student-led service clubs.

• During the 2011-12 academic year, more than 85,000 students had the opportunity to participate in 2,600 service-learning courses across the system. Of these, 7,848 students participated in 483 STEM service-learning courses.

• Grants and awards received by campuses and the Chancellor’s Office for community engagement totaled $4.1 million, a return on investment of $4 for every dollar invested by the state for community engagement.

• Sixteen CSU campuses were named to the 2012 President’s Higher Education Community Service Honor Roll, which recognizes higher education institutions for their commitment to and achievement in community service.

• Nearly half of the CSU’s 437,000 students are engaged in some type of community service totaling 32 million hours of service annually, a total economic impact of $697 million.*

Together, the CSU and its partners are making an impact. More information about the Center for Community Engagement can be found at:

www.calstate.edu/cce.

ALUMNI

The CSU has more than 2.8 million alumni and adds nearly 100,000 new graduates to its ranks each year.

CSU alumni are leaders in the high-impact fields that drive California’s economy, including business, engineering, agriculture, hospitality and tourism, healthcare and entertainment. More of California’s teachers come from the CSU than all other institutions in California combined. CSU alumni have distinguished themselves in all areas of California’s workforce and culture. In fact, one in 10 employees in California is a CSU graduate.

Students planning to enter the CSU can apply through the online application tool, CSUMentor, at [www.csumentor.edu](http://www.csumentor.edu). CSUMentor is also designed to help students and their families in choosing a CSU campus, planning to meet admissions requirements, learning about financial aid options and getting answers to frequently asked questions.

### REQUIREMENTS

**FRESHMAN STUDENTS**
First-time freshman applicants must meet the standards in each of the following areas:
- Specific high school coursework.
- Suitable grades in specified courses and test scores.
- Graduation from high school.

**TRANSFER AND GRADUATE STUDENTS**
The majority of transfer students enter as upper-division transfers, and must complete at least 60 semester or 90 quarter units before transferring. Students who have earned an Associate Degree for Transfer will be admitted to the CSU with junior status.

To apply for admissions to graduate or postbaccalaureate studies, a student must:
- Earn a baccalaureate degree from an accredited institution with at least a 2.5 grade point average.
- Be in good academic standing, while satisfactorily meeting the professional, personal, scholastic and other standards for graduate study.

Due to the large number of applicants, some CSU campuses have higher standards (supplementary admission criteria) for particular majors or for students who live outside the local campus area. Campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and community colleges that are historically served by a CSU campus in that region.
STUDENT COSTS

STATE UNIVERSITY TUITION FEE (FULL-TIME TUITION FEE): 2012-13

- Undergraduate: $5,472
- Credential: $6,348
- Graduate and Other Postbaccalaureate: $6,738

Private support is crucial to the success of the CSU. Our students and programs continue to inspire generosity from forward-thinking individuals and organizations who invest in the CSU mission. Their support opens access to a broad and diverse student population, builds technologically advanced libraries and classrooms, and supports innovative teaching models and partnerships.

IN 2011-12:

- Donors committed more than $297 million in new gifts, new pledges and testamentary provisions.
- Gifts from individuals increased 8 percent to $107 million.
- Individual donors totaled 224,194.
- Alumni donors made up 33 percent of individual donors and contributed $40 million.
- Gifts from organizations totaled $133 million, including $70 million from foundations.
- $52 million from corporations, including 3,234 matching gifts, were received.
- Total endowment market value remained above the $1 billion mark for the second year in a row.
