Members Present

Lupe C. Garcia, Chair
Adam Day
Hugo N. Morales
Peter J. Taylor
Lou Monville, Chair of the Board
Timothy P. White, Chancellor

Chair Garcia called the meeting to order.

Approval of Minutes

The minutes of the meeting of July 21, 2015, were approved as submitted.

Status Report on Current and Follow-Up Internal Audit Assignments

Mr. Larry Mandel, vice chancellor and chief audit officer, provided a status on the 2015 audit plan and follow-up on past audit assignments.

Mr. Mandel reported that a majority of the 2015 audit assignments are currently in process. He added that the remaining two subjects, Cloud Computing and Student Activities, will be initiated in the coming months. He reminded everyone that updates to the status report are displayed in green numerals and indicate progress toward or completion of recommendations since the distribution of the agenda. Mr. Mandel stated that the campuses and the CSU Chancellor's Office continue to do a good job completing recommendations on a timely basis. He further stated that audit management is working with the Stanislaus campus to clear the one remaining recommendation from the Sponsored Programs audit. Mr. Mandel also reported that both the reviews and associated recommendations pertaining to the construction projects are also being completed timely.

Chair Garcia asked for an explanation as to why some of the recommendations pertaining to auxiliary organizations are large in number for certain campuses.

Mr. Mandel explained that there are a lot of auxiliary organizations in the system. He indicated that at CSU Sacramento, there are five auxiliary organizations with 41 recommendations, but on average, there are only eight recommendations. He stated that the sixth round of auxiliary audits

2

Aud

is currently in process and added that over the years since these auxiliary audits started, the number of recommendations has decreased substantially.

The meeting adjourned.

COMMITTEE ON AUDIT

Status Report on Current and Follow-up Internal Audit Assignments

Presentation By

Larry Mandel
Vice Chancellor and Chief Audit Officer
Office of Audit and Advisory Services

Summary

This item includes both a status report on the 2015 audit plan and follow-up on past assignments. For the 2015 year, assignments were made to conduct reviews of Auxiliary Organizations, high-risk areas (Information Security, Clery Act, Information Technology (IT) Procurement, Payment Card Industry Data Security Standards, Admissions, Cloud Computing, Scholarships, and Student Activities), a high profile area (College Reviews), and Construction. In addition, follow-up on current/past assignments (Auxiliary Organizations, Accessible Technology, Executive Travel, Sponsored Programs, Continuing Education, Information Security, IT Procurement, College Reviews, Clery Act, and Admissions) was being conducted on approximately 38 prior campus/auxiliary reviews. Attachment A summarizes the reviews in tabular form. An up-to-date Attachment A will be distributed at the committee meeting.

Status Report on Current and Follow-up Internal Audit Assignments

Auxiliary Organizations

The initial audit plan indicated that approximately 267 staff weeks of activity (25.8 percent of the plan) would be devoted to auditing internal compliance/internal control at eight campuses/31 auxiliaries. Three campus/eleven auxiliary reports have been completed, two campus/nine auxiliary reports are awaiting a campus response prior to finalization, report writing is being completed for two campus/six auxiliaries, and fieldwork is being conducted at one campus/three auxiliaries.

High-Risk Areas

Information Security

The initial audit plan indicated that approximately 37 staff weeks of activity (3.7 percent of the plan) would be devoted to a review of the systems and managerial/technical measures for

ongoing evaluation of data/information collected; identifying confidential, private or sensitive information; authorizing access; securing information; detecting security breaches; and security incident reporting and response. Five campuses will be reviewed. Two campus reports have been completed, report writing is being completed for two campuses, and fieldwork is being conducted at one campus.

Clery Act

The initial audit plan indicated that approximately 50 staff weeks of activity (4.8 percent of the plan) would be devoted to a review of campus Clery Act policies and procedures to ensure compliance with CSU and federal requirements; review and testing of processes to compile required disclosures and statistics for the Annual Security Report (ASR); verification of the availability of educational programs for security awareness, and the prevention and reporting of crime; review and testing of ASR dissemination to required parties; review of campus good-faith efforts to comply with changes to the Clery Act imposed by the Violence Against Women Reauthorization Act (VAWA) for the 2014 ASR and progress in meeting the changes by the July 2015 deadline; and review of content and delivery of training. Six campuses will be reviewed. Six campus reports have been completed.

Information Technology Procurement

The initial audit plan indicated that approximately 34 staff weeks of activity (3.3 percent of the plan) would be devoted to a review of policies and practices related to information technology procurement. Specific goals will include determining whether administration and management of information technology procurement activities provide an effective internal control environment, adequate local policies and operational procedures, current written delegations, and observance of good business practices in compliance with CSU policy. Five campuses were initially scheduled to be reviewed; due to additional information technology staff resources, six campuses will be visited. Four campus reports have been completed, report writing is being completed for one campus, and fieldwork is being conducted at one campus.

Payment Card Industry Data Security Standards

The initial audit plan indicated that approximately 14 staff weeks of activity (1.4 percent of the plan) would be devoted to a review of campus and auxiliary compliance with regulations specific to Payment Card Industry (PCI) Data Security Standards related to the security and protection of credit cards systems and data. The review would specifically include compliance with the new PCI 3.0 standard. Two campuses will be reviewed. One campus report is awaiting a campus response prior to finalization, and report writing is being completed for one campus.

Admissions

The initial audit plan indicated that approximately 50 staff weeks of activity (4.8 percent of the plan) would be devoted to a review of the evaluation of student records, including residency determination; processing admission applications, including use of supplemental admission criteria for impacted majors or campuses, transfer students, and redirection of eligible applicants; security of applicant data; application fee processing and granting of fee waivers; and compliance with state legislation and CSU requirements. Six campuses will be reviewed. Two campus reports have been completed, and four campus reports are awaiting a campus response prior to finalization.

Cloud Computing

The initial audit plan indicated that approximately 11 staff weeks of activity (1.1 percent of the plan) would be devoted to a review of campus and/or auxiliary activities pertaining to cloud computing, including review of policies and procedures to ensure compliance with CSU and other agency requirements; review of campus administration and oversight including but not limited to service availability, data ownership and backup and recovery, establishing contractual relationships with third-party service providers, and if sensitive data is maintained by a third party, review of involvement of campus information security personnel in the decision process; documentation of campus expectations for handling and securing the data; contract language covering security expectations; and monitoring third-party performance. Resource restrictions will not allow for an audit of Cloud Computing during 2015; it will be reviewed as part of the 2016 audit plan.

Scholarships

The initial audit plan indicated that approximately 43 staff weeks of activity (4.2 percent of the plan) would be devoted to a review of campus and/or auxiliary activities pertaining to scholarships, including establishing student eligibility, awarding, and recordkeeping and protection of sensitive information; coordination between the financial aid department and awarding departments; and review of disbursement procedures for awarded scholarships. Six campuses will be reviewed. Report writing is being completed at four campuses, and two campus reports are awaiting a campus response prior to finalization.

Student Activities

The initial audit plan indicated that approximately 50 staff weeks of activity (4.8 percent of the plan) would be devoted to a review of activities relating to social and co-curricular programs, recreational sports, student clubs and organizations; review of policies and procedures to ensure

compliance with CSU and other agency requirements; review of campus administration and oversight of student activities; review and appropriate testing for compliance with charters, bylaws and/or other governing documents for selected student organizations, clubs and other programs; review and testing to ensure appropriate staffing of student programs by qualified individuals and volunteers, including student leaders; and assessment to determine that required policies regarding non-discrimination, alcohol and drugs, and hazing are monitored and enforced. Six campuses will be reviewed. Fieldwork is being conducted at three campuses.

High Profile Area

College Reviews

The initial audit plan indicated that approximately 49 staff weeks of activity (4.8 percent of the plan) would be devoted to a review of college/departments administrative and financial controls, such as handling of cash and cash equivalents, expenditure processing, contracting activities, acquisition and tagging of sensitive equipment, and use of trust funds; and review of faculty assigned time, release time and special payments. Six campuses were initially scheduled to be reviewed; due to resource constraints, only five were visited. Five campus reports have been completed.

Construction

The initial audit plan indicated that approximately 47 staff weeks of activity (4.6 percent of the plan) would be devoted to a review of design budgets and costs; the bid process; invoice processing and change orders; project management, architectural, and engineering services; contractor compliance; cost verification of major equipment and construction components; the closeout process and liquidated damages; and overall project accounting and reporting. Six projects will be reviewed. Three campus reports have been completed, one campus report is awaiting a campus response prior to finalization, and report writing is being completed for one project.

Advisory Services

The initial audit plan indicated that approximately 216 staff weeks of activity (20.8 percent of the plan) would be devoted to partnering with management to identify solutions for business issues, offering opportunities to improve the efficiency and effectiveness of operating areas, and assisting with special requests, while ensuring the consideration of related internal control issues. Reviews are ongoing.

Technology Support

The initial audit plan indicated that approximately 14 staff weeks of activity (1.3 percent of the plan) would be devoted to technology support for non-information technology specific audits and advisory services reviews. The provision of support is ongoing.

Investigations

The Office of Audit and Advisory Services is periodically called upon to provide investigative reviews, which are often the result of alleged defalcations or conflicts of interest. In addition, whistleblower investigations are being performed on an ongoing basis, both by referral from the State Auditor and directly from the CSU Chancellor's Office. Forty-three staff weeks have been set aside for this purpose, representing approximately 4.2 percent of the audit plan.

Committees/Special Projects

The Office of Audit and Advisory Services is periodically called upon to provide consultation to the campuses and/or to participate on committees such as those related to information systems implementation and policy development, and to perform special projects. Special projects for 2015 will include the implementation of automated working papers in the Office of Audit and Advisory Services. Forty staff weeks have been set aside for this purpose, representing approximately 3.8 percent of the audit plan.

Follow-ups

The audit plan indicated that approximately 15 staff weeks of activity (1.5 percent of the plan) would be devoted to follow-up on prior audit recommendations. The Office of Audit and Advisory Services is currently tracking approximately 38 current/past assignments (Auxiliary Organizations, Accessible Technology, Executive Travel, Sponsored Programs, Continuing Education, Information Security, IT Procurement, College Reviews, Clery Act, and Admissions) to determine the appropriateness of the corrective action taken for each recommendation and whether additional action is required.

Annual Risk Assessment

The Office of Audit and Advisory Services annually conducts a risk assessment to determine the areas of highest risk to the system. Eight staff weeks have been set aside for this purpose, representing approximately 0.8 percent of the audit plan.
