Presentation By

Vice Chancellor

Summary

It is proposed that Article 4.2 of Title 5 which addresses the catastrophic leave donation program be revised to: (a) update Section 42930 to include catastrophic leave for natural disasters/state of emergency; (b) update Section 42931 to include the definition of catastrophic leave for natural disasters/state of emergency; (c) update the participation and eligibility requirements as defined in Section 42932; and (d) update the donation criteria as defined in Section 42933.

These revisions to Title 5 are proposed to expand the current Catastrophic Leave Donation Program to include Catastrophic Leave for a Natural Disaster /State of Emergency declared by the Governor. This benefit would be available to an employee who faces financial hardship because the employee has exhausted all accrued personal holiday credits and compensating time off, and has a balance of forty (40) hours or less in each accrued vacation credits and accrued sick leave credits, and is unable to work due to the effect of a natural disaster on the employee’s principal residence.

Additionally, it is proposed that Article 4.2 be revised to include that the president of each campus, subject to the approval of the Chancellor, has the authority to make exceptions to the prescribed policy.

It is anticipated that an action item will be presented at the March 2019 Board of Trustees’ meeting to adopt the following amendment:
Title 5, California Code of Regulations
Division 5 – Board of Trustees of the California State Universities
Chapter 1 – California State University
Subchapter 7 – Employees
Article 4.2 – Catastrophic Leave Donation Program

§ 42930. Purpose.

An employee who accrues vacation or sick leave credits may voluntarily donate either of those credits to another employee on the same campus, or for employees in the Office of the Chancellor, to another employee in the Office of the Chancellor. To qualify for catastrophic leave for catastrophic illness or injury, the recipient employee shall have exhausted all accrued leave credits due to catastrophic illness or injury as defined in this Article that has totally incapacitated the employee from work. “Accrued leave credits” include credits for sick leave, vacation, personal holiday and compensating time off. To qualify for catastrophic leave for a natural disaster/state of emergency, the recipient employee whose principle residence has been impacted by a declared natural disaster/state of emergency as defined in Section 42391 shall have exhausted all accrued personal holiday credits and compensating time off, and have a balance of forty (40) hours or less in each accrued vacation credits and accrued sick leave credits.

A catastrophic illness or injury is one which has totally incapacitated the employee from work. Catastrophic illness or injury may also include an incapacitated member of the employee’s family, if this results in the employee’s being required to take time off for an extended period of time in order to care for the family member and the employee has exhausted all of accrued vacation credits and all accrued sick leave credits which may be used for family care. Only donated vacation credits may be used for such family care catastrophic leave.

Catastrophic leave for a natural disaster/state of emergency is leave for an employee whose principle residence is located in a county where a state of emergency has been declared by the Governor, is unable to work due to the effect of the natural disaster/state of emergency, and who faces financial hardship because the employee shall have exhausted all accrued personal holiday credits and compensating time off, and have a balance of forty (40) hours or less in each accrued vacation credits and sick leave credits.

§ 42932. Participation and Eligibility.

An employee, the employees’ representative or the employee’s family member shall request participation and provide appropriate verification of illness or injury as determined by the employee’s appointing authority. An incapacitated employee may elect to defer a request to participate during a period of Industrial Disability Leave eligibility.

§ 42933. Donation.

For catastrophic leave for a natural disaster/state of emergency, there is no maximum limit that an employee can donate as long as the employee maintains a balance of forty (40) hours of vacation leave credits and forty (40) hours of sick leave credits per calendar year. Donations are irrevocable. Donated leave credits may be used to supplement Industrial Disability leave, Non-industrial Disability Insurance or Temporary Disability payments upon the application of these benefit(s) by an eligible employee. The total amount of leave credits donated and used may not exceed an amount sufficient to ensure the continuance of the employee’s regular monthly rate of compensation.

(b) The total donated leave credits shall normally not exceed an amount necessary to continue the employee for three calendar months calculated from the first day of catastrophic leave. The appointing authority may approve an additional three-month period in exceptional cases. The leave shall not be deemed donated until actually transferred by the appointing authority’s recordkeeper to the record of the employee receiving leave credits. Such transfer shall be accomplished at the end of a pay period, and credits shall be transferred in the order of the dates actually pledged.
