

**ACADEMIC SENATE  
OF  
THE CALIFORNIA STATE UNIVERSITY**

AS-3448-20/APEP (Rev)  
September 17-18, 2020

**THE NEED FOR STUDENT ACADEMIC RECORDS TO DOCUMENT THE  
GOVERNING TRANSFER MODEL CURRICULA FOR  
ASSOCIATE DEGREES FOR TRANSFER**

- RESOLVED:** That the Academic Senate CSU (ASCSU) recognize that the recently propagated changes to CSU General Education (GE) requirements to reduce Area D by three units and produce a new systemwide Area F requirement may impact existing Associates Degrees for Transfer (ADT) and campus determinations of similarity; and be it further
- RESOLVED:** That the ASCSU recognize any changes to the Transfer Model Curricula (TMC) may yield changes to the determination of similarity for a CSU program. The ASCSU requests the Office of the Chancellor of the CSU pursue developing a means for determining and including the version of the ADT on the students' CCC and CSU academic records; and be it further
- RESOLVED:** That the ASCSU recognize any differentiation in General Education content by catalog rights needs to be integrated into CSU student academic records; and be it further
- RESOLVED:** That the ASCSU distribute this resolution to the CSU Board of Trustees, CSU campus Senate Chairs, California Community Colleges (CCC) Office of the Chancellor, California State Student Association (CSSA), Intersegmental Committee of Academic Senates (ICAS), and the Chair of the Intersegmental Curriculum Workgroup (ICW).

***RATIONALE:** As the TMCs change, CSU programs are likely to change their determinations of program similarity. Clarification of exactly which CSU programs have been deemed similar to which TMCs will help our students as they work to reach their goals, and during the CSU application process. The issue of needing to track changing versions of TMCs and ADTs has been noted previously; the changes to GE that are unfolding exacerbate the need to address this.*

*The Intersegmental Curriculum Workgroup (ICW) is aware of these issues and has begun work to address these needs.*
