

THE EMPLOYEES OF THE CALIFORNIA STATE UNIVERSITY

STRENGTH, DIVERSITY, EXCELLENCE | FALL 2018

LETTER FROM EVELYN NAZARIO

Vice Chancellor for Human Resources

Dear Friends of the California State University,

The employees of the California State University are an extremely talented, diverse and motivated group. Our faculty and staff play an essential role in executing the mission of the CSU: to adequately prepare a new generation of leaders in the state of California and beyond. The CSU remains committed to focusing on the student success initiatives to provide students with a clearer path to graduation and to eliminate the achievement gap among underrepresented minority students.

This report demonstrates the CSU's commitment to diversity in our workforce. Our employees come from a rich array of backgrounds and experiences, providing our students with the opportunity to encounter new perspectives and to go on to succeed in an increasingly connected, global work environment. The value of a CSU education remains strong, and as a system we are well positioned for continued success due in large part to the commitment of employees at all 23 campuses and the Chancellor's Office. The high value the university places on retention demonstrates this - going to great lengths to provide the CSU workforce with attractive benefits and a motivating workplace atmosphere.

I invite you to enjoy this publication, which in addition to updated data, also includes notable recent achievements by students and faculty. My hope is that in reading the 2018 Employee Profile, you will gain a greater understanding of the people who make the CSU such a special place to work and learn.

Regards,

CSU STAFFING

The information in this report, drawing on data for California State University (CSU) employees from Fall 2018, not only illustrates the growth of the workforce over the years, but also underscores the university's ongoing commitment to hiring well-qualified, diverse faculty and staff – one of its top priorities.

The CSU employs almost 53,000 faculty and staff statewide. The tables on the following pages present information on the numbers of faculty and staff employed in various occupational categories, as well as the numbers employed at each campus.

Due to significant changes to reporting requirements for Integrated Postsecondary Education Data System (IPEDS), beginning in 2012, reporting groups have been realigned and cannot be compared directly to groups reported in prior Employee Profiles (2011 and earlier). Employee reporting has been aligned with the Standard Occupational Classifications published by the National Bureau of Labor Statistics that were established in 2010 and revised in 2018.

EMPLOYEES BY GENDER AND RACE/ETHNICITY

Widely recognized for its inclusive policies and outreach, the CSU is home to an incredibly diverse student body across all its campuses. Likewise, the university employs faculty and staff of every race, ethnicity, gender, age and background. The average age of all CSU employees (including full time and part time) is 47.8 years, and 43.4 percent of all employees are over 50 years old.

Forty-two percent of all employees and 46 percent of full-time employees are minorities. A continued increase in the hiring of female professors has created a rich talent pool of full-time faculty that is now more than 49 percent female. In fact, nearly 73 percent of all employees at the CSU are either women or minorities.

The university seeks to invest in talented people across the entire spectrum of backgrounds and experiences; in doing so, we can increase the range of perspectives available to students in the classroom. Expanding diversity at the CSU serves to expand the horizons of our students, support their academic success and better prepare them to be part of a globalized workforce.

Approximately 1,400 of these were women who did not indicate their race/ethnicity.

Percentages referenced throughout report may not add up to 100% because of rounding.

FACULTY

The CSU's distinguished faculty members continue to play a critical role in preparing future leaders with the skills and knowledge to thrive in the workforce, drive California's economy and give back to their communities.

The CSU employs slightly more than 27,000 total faculty members, who account for the majority of CSU employees. Of the 13,000-plus full-time faculty, approximately 78 percent are tenured or on the tenure track. Of full-time faculty employed by the CSU, 3,585 were probationary (not yet tenured). This is an increase of more than 1,500 compared to 2013, and reflects several years of significant efforts to hire additional tenure-track faculty.

The increasingly diverse composition of CSU faculty is an asset to the CSU's ongoing efforts to increase graduation rates, eliminate opportunity and achievement gaps, and ensure student success.

GENDER AND RACE/ETHNICITY

These tables represent information on the gender and race/ethnicity of CSU full-time faculty in Fall 2018 and Fall 2013. In Fall 2018, over 34 percent of full-time CSU faculty were ethnic minorities, and approximately 49 percent were female. In Fall 2013, 30 percent of full-time faculty were ethnic minorities, and approximately 46 percent were female.

NEW FACULTY

Continued high levels of faculty recruitment supported a fourth consecutive year of growth in total numbers of tenure-track faculty. Of the CSU's 734 new tenure-track faculty members, 43% are minorities and 54% are female, compared to 39% minorities and 51% females hired to tenure-track positions in Fall 2013. Most of this year's new faculty members fill assistant professor positions, but faculty were hired in all academic ranks.

More information on new faculty hired by the CSU is available in an annual report on the Faculty Recruitment Survey. This report contains detailed information on faculty recruitment, faculty demographics and salaries offered to new faculty.

Fall 2018 and Prior Years

TECHNICAL NOTES AND GLOSSARY

This reference booklet contains Fall 2018 snapshot information on employees at all 23 campuses and the Chancellor's Office. All tables and charts in the Employee Profile exclude student employees, other intermittent or casual employees, and faculty teaching in extension, special sessions and summer sessions. Employees are included regardless of the source of funds used to pay their salaries. Due to significant changes to reporting requirements for the Integrated Postsecondary Education Data System (IPEDS) beginning in 2012, reporting groups have been realigned and cannot be compared directly to groups reported in prior Employee Profiles. Employee reporting has been aligned with the 2018 Standard Occupational Classifications published by the National Bureau of Labor Statistics. Data presented in this report were obtained from the following sources:

Includes all employees newly appointed to tenure-track positions at the reporting campus, including those who previously held tenure-track appointments elsewhere in the CSU or temporary appointments at the reporting campus or other CSU campuses. Does not include employees appointed as tenure-track librarians or counselors.
