24.4 (a) A General Salary Increase (GSI) is a percentage increase applied to the minimum and maximum rate on the new salary schedule for all bargaining unit classifications and to the individual salary rates of all bargaining unit members.

(b) For Fiscal year 2017/18, effective on and after July 1, 2017, (i) all bargaining unit members in active pay status, or on leave, up to the date of ratification by the CSU Board of Trustees of this Agreement, shall have their individual salary rate increased by 3.11%

(Three and eleven one hundredth percent; and (ii) Salary scale maximums and minimums for all classifications shall be increased by the amount of the General Salary Increase.

(d) For Fiscal year 2019/20,

~~Me Too" Clause (Implemented by Memorandum of Understanding dated 5/25/2016)~~

~~(e) Pursuant to Article 24.4 CSU and SETC United have agreed that there shall be General Salary Increases of 2% in Fiscal year 2015/2016 and 2% in Fiscal Year 2016/2017.~~

~~In the event that CSU and California Faculty Association ratify an Agreement that provides negotiated salary increases expressed, and/or calculated by CSU prior to the ratification of the Agreement, as greater than the estimated cost of providing a 2% compensation increase for Bargaining Unit 3 for 2015/2016, and/or a 2% compensation increase for Bargaining Unit 3 for 2016/2017; the SETC United may elect to substitute the negotiated salary increases with the California Faculty~~

- ~~• Provide for additional pools of Weighted Teaching Units to be made available for the purposes providing additional assigned time for faculty and/or groups of faculty under the terms of Article 20 (Workload) of the CSU/CFA Collective Bargaining Agreement.~~

In-Range Progression

24.5 An increase within a salary range that is not given for merit is referred to as an In-Range Progression. An In-Range Progression of at least 3% may be awarded when the president, the president's designee, or appropriate administrator determines that an In-Range Progression should occur. Factors to be considered for granting such progressions shall include but not be limited to:

- a. Long-term service
- b. Retention
- c. Equity;
- d. Assigned application of enhanced skill(s)
- e. Performance

- f. Out-of-classification work that does not warrant a reclassification
 - g. Increased workload;
 - h. New lead work or new project coordination functions given to an employee on an on-going basis by an appropriate administrator where the classification standard/series do not specifically list lead work as a typical duty or responsibility; and,
 - i. Other salary related criteria
- 24.6 A request for an in-range progression review may be submitted by the employee or manager. A management initiated request for an in-range progression may cover more than one employee. Employee initiated in range progression requests shall be submitted to the appropriate administrator before being forwarded to Human Resources. An employee shall not submit a request for an in-range progression prior to twelve (12) months following the receipt of a denial of a request for an in-range progression, or prior to 12 months from the effective date of an award of an in-range progression. If an administrator has not forwarded the request to Human Resources within thirty (30) days, the employee can file the request directly with Human Resources.
- 24.7 In-range progression review of employee requests shall be completed within ninety (90) days after the request is received in Human Resources. If an employee receives a denial
- of request for an In-range Progression under this Article, then the campus shall provide the employee with a written reason for the denial.
- 24.8 Each campus shall develop guidelines and procedures for an in-range progression consistent with this Article. Any changes to campus guidelines and procedures shall be noticed to SETC-United prior to implementation, and be subject to the meet and confer process where the union subsequently requests to meet and confer over the proposed changes.
- 24.9 The decision of the President, made in accordance with this provision, regarding the award of an in-range progression shall be final and shall not be subject to Article 9 (Grievance Procedure).
- 24.10 **The union may, within 30 days of the employee receiving written notification of the IRP denial, file an appeal to an Umpire selected by the parties for the purpose of hearing such appeals. The grounds for the appeal shall be strictly limited to whether or not the decision was made “in accordance with this provision” pursuant to Articles 24.9 and 24.11.**

- 24.11 A decision is made “in accordance with this provision” if the procedural requirements of this Article have been complied with, and the decision itself is not arbitrary or capricious. The Umpire should not substitute the Umpire’s opinion for that of the President. A decision of the President should not be disturbed unless it is proved by the Appellate to have been made on an arbitrary or capricious basis. A decision is arbitrary and capricious only if it is made on unreasonable grounds, or without any proper consideration of the circumstances of the employee’s IRP request.

Umpire Procedure:

- 24.12 Within 30 days of ratification the parties shall select one arbitrator from the current arbitration panel to act as the Umpire for IRP appeals. If the parties are unable to agree on an Umpire, the Umpire shall be selected by strike from the names of arbitrators on the current panel who are willing to serve in this capacity. First strike shall be determined by the toss of a coin. The issue will be determined by the Umpire following the submission of written briefs, on a briefing schedule to be determined by the Umpire. There shall be no oral hearing. The Umpire’s decision shall be issued in writing within 21 days of the submission of the briefs, and shall set forth the Umpire’s findings, reasoning, and conclusions on the sole issue of whether or not the decision was made in “accordance with this provision” pursuant to Articles 24.9 and 24.11.
- 24.13 If the Umpire determines that the decision was not made “in accordance with this provision”, the application will be returned to the campus for reconsideration at the stage at which the error was made. The umpire shall have no authority to make any award other than an order to remit the IRP request back to the campus for them to reconsider following the Umpire’s written decision. The campus review will take place within 30 (thirty) days of the Umpire issuing the written decision.
- 24.14 The Umpire’s decision shall be final and binding.
- 24.15 The Umpire’s costs shall normally be shared equally by the parties, unless the Umpire makes a determination, on application of either party within 7 days of receiving the written decision, that there was no reasonable basis for either bringing, or defending, the Appeal. Having made that determination, the Umpire shall then order the full costs of the Appeal to be paid by the party against whom the determination was made.
- 24.15 Funds for in-range progression may come from campus funds, and/or total settlement costs resulting from bargaining between the parties on salary matters.

- 24.16 **Within 60 days from the ratification of this Agreement, the CSU and Teamsters 2010 shall meet to negotiate systemwide procedures and criteria for in-range progressions consistent with this Article. In the event that the parties are unable to reach agreement on the procedure to be adopted and/or the criteria to be applied, then the issue(s) shall be submitted to the Umpire selected in 24.12 who will choose between the two proposals. The umpire shall have no authority to add or subtract from the proposals as submitted by the parties.**

Performance-Based Salary Increase

- 24.11 Campuses may award salary increases for meritorious performance from campus funds at any time. These salary increases may be in the form of permanent increases to salary rates or one-time bonuses. However, in no case may an employee's salary rate exceed the maximum of the range on the salary schedule for the employee's range and classification. Such awards are solely at the discretion of the President and shall not be subject to the Grievance Procedure.

Extended Performance Increase (EPI)

- 24.12 An Extended Performance Increase (EPI) is a permanent increase to an employee's base salary. It is the intent of the parties to bargain implementation of this program for each year during the life of this agreement. In the event the parties agree to fund the program – the specific amounts of both the size of the EPI pool and individual amounts of awards along with any associated implementation issues - will be determined through the collective bargaining process. However, in no case shall an employee receive any EPI award which would place their salary over the maximum salary rate for their classification. All EPIs awarded prior to July 1, 2004 shall remain in effect.

24.13 EPI Eligibility

- (a) To be eligible for an EPI, the employee's overall performance must have been satisfactory for the previous three (3) years, as evidenced by an overall performance evaluation rating of satisfactory or better, and have no disciplinary actions received in the past three (3) years which remain in the personnel file.

- (b) In addition to these performance requirements, the employee must have completed an anniversary of continuous CSU employment at a fifty (50) percent or more timebase at the employee's 3rd, 6th, 10th, 15th, 20th, 25th, 30th 35th, 40th, etc. years) of qualifying pay periods and qualifying months of service at the CSU, as defined in Articles 16, 18, and 19 and below in this provision. For the purposes of this provision, any month in which the employee was not in pay status for at least eleven (11) days in the pay period is considered a break in the continuous service requirement.
- (c) A year of required service for a ten (10) month or 10/12 employee is the completion of twelve (12) pay periods and ten (10) qualifying months of service. A year of required service for an eleven (11) month or 11/12 employee is the completion of twelve (12) pay periods and eleven (11) qualifying months of service. A year of required service for a twelve (12) month employee is the completion of twelve (12) pay periods and twelve (12) qualifying months of service.
- (d) Employees who believe they are eligible for an EPI based on service at another campus shall notify in writing the campus Human Resources Office of such service.

24.14 Upon determination by the appropriate administrator, the EPI shall be authorized in writing. Upon request of an employee denied an EPI, a meeting shall be arranged within seven (7) days of the request with a representative of the President for the purpose of reviewing such a denial. The employee may be represented at this meeting. The denial of an EPI shall not be subject to Article 9, Grievance Procedure. An employee who meets the service requirements for an EPI in accordance with provision 24.8 and is denied an EPI shall remain eligible for reconsideration on an annual basis, if EPIs are funded in subsequent years.

Classification Changes

24.15 When an employee moves to a classification in a lower salary group, the appropriate rate in the salary range shall be determined by the President, except that in no case shall the new salary exceed the rate received in the higher classification or the maximum rate of the lower classification. Determination of the appropriate rate in such cases shall be made by using the same criteria as would be used for an initial appointment to that classification and by considering past PSIs, if any.

Handwritten signature and initials in the bottom right corner of the page.

24.16 When an employee moves to a classification within a salary group, the appropriate rate in the new classification shall be determined by the President. There is no requirement to increase the employee's rate of pay unless it is below the minimum of the new classification, in which case it must be increased to at least the minimum of the new classification.

24.17 When an employee moves without a break in service to a classification in a higher salary group, the appropriate rate in the salary range shall be determined by the President. The new rate in the higher salary group shall be at least five (5) percent higher than the employee's previous rate, except that the new rate may not exceed the maximum of the range.

Payment Above the Maximum

24.18 A payment above the maximum of the salary range for a class may be granted by the President when an employee moves to a class with a lower salary range.

24.19 If a payment above the maximum is granted, the employee shall retain either the salary currently being paid or a salary twenty-five (25) percent above the maximum salary of the lower class, whichever is less. The employee shall remain at that salary rate until the maximum salary of the lower class equals or exceeds the payment above the maximum rate or until the authorized time period for maintaining the payment above the maximum rate expires, whichever occurs first.

24.20 During the period of time an employee's salary remains above the maximum salary for the class, the employee shall not receive further salary increases, including GSIs or PSIs, except in cases of promotion.

24.21 A payment above the maximum shall not exceed twenty-five (25) percent above the maximum of the salary range of the class to which the employee is moving. An employee may retain a payment above the maximum for up to five (5) years.

- 24.22 Payment above maximum shall not be authorized for an employee when:
- a. an employee, for personal convenience, requests voluntary demotion;
 - b. an employee is demoted for cause other than for medical.

24.23 An employee who was compensated at a salary rate above the maximum prior to a permanent separation will not be entitled to a payment above the maximum upon his/her return to work. Also, the authorization for a payment above the maximum shall be canceled if the employee refuses an offer of appointment to a position at the campus in a class at a salary level equivalent to the original classes from which the employee was moved.

Cost Savings/Staffing Committee

24.24 A cost savings/staffing committee shall include an equal number of employee representatives and management/supervisory representatives. The cost savings/staffing committee shall meet no less than twice per year. The cost savings/staffing committee shall submit recommendations to the appropriate administrator and president for economy measures and staffing issues. The committee may also recommend specific uses for any cost savings. The committee may choose to discuss economies associated with training, maintenance and repair, new technologies, and funding opportunities related to bargaining unit work.

Shift Differential

24.25 There are three (3) shifts: day, swing, and graveyard. The day shift includes the hours between 6:00 a.m. to 6:00 p.m. The swing shift includes the hours between 6:00 p.m. and midnight. The graveyard shift includes the hours between midnight and 6:00 a.m.

"Hazardous material handling duties" as used in this provision refers to work that a) requires by law the employee be trained and certified to work with the specified material, and b) requires the employee use protective equipment and extra precautions to ensure his/her safety and health.

Asbestos Training and Hazardous Material Handling Certification Allowance

24.31 Employees who have been required by the CSU to undergo training in either asbestos abatement and handling or in hazardous materials handling as defined in 24.30 shall be paid an allowance of two hundred and fifty dollars (\$250). 24.41 The decision whether to request employees to obtain certification and training as a qualified high voltage electrician is at the sole discretion of the CSU and is thus neither

grievable nor arbitrable. Where the CSU requires such certification and training, the CSU will pay for the OTI training.

MEMORANDUM OF UNDERSTANDING:

1. California State University is the preeminent provider of high quality, affordable education in California and a critical engine of our state's economy. The Teamster skilled trades workers of Unit 6 provide the critical services necessary to maintain CSU's infrastructure. At many of our campuses, the utilities infrastructure is obsolete, built more than a half century ago, and in need of upgrade or replacement. The continued use of antiquated facilities impedes the educational opportunities of students, the CSU's ability to attract and retain faculty and staff, and any interruptions, shutdowns, or failures in any of the infrastructure areas will impede our ability to provide educational services in a safe environment for students, faculty and staff.
2. Therefore, the CSU and Teamsters Local 2010 agree to coordinate and cooperate in joint efforts to attain adequate funding from the state to support the critical educational mission of CSU, including funding necessary to address the significant backlog of deferred maintenance and provide adequate staffing in the CSU system.
