Diane Boyer-Vine Legislative Counsel State Capitol, Room 3021 Sacramento, CA 95814 Honorable Kevin McCarty, Chair Subcommittee 2 on Education Assembly Budget Committee State Capitol, Room 2136 Sacramento, CA 95814

Gabriel Petek Legislative Analyst Office 925 L Street, #1000 Sacramento, CA 95814

Erika Contreras Secretary of the Senate State Capitol, Room 3044 Sacramento, CA 95814

E. Dotson Wilson Chief Clerk of the Assembly State Capitol, Room 3196 Sacramento, CA 95814

# 2017-18 Institutional Financial Aid Programs and the California State University

As CSU has consistently reported over the years, more than half of CSU students will graduate without any education loan debt. Of those that did incur debt, the average debt load was lower than California and national averages. Specifically, some of the highlights of the 2017-18 financial aid report include:

- In 2017-18, 84 percent of all CSU students (390,000+) received over \$4.5 billion in total financial assistance.
- 73 percent of undergraduate financial aid recipients have the full cost of tuition covered by grants, scholarships or waivers.

Institutional Aid Final Report April 12, 2019 Page 2

- More than half (51 percent) of CSU baccalaureate recipients graduated with zero education loan debt.
- Of the 49 percent who graduated with debt, the average loan debt of \$17,367 is well below the national average of \$28,650.
- •State mandated fee waivers represent nearly \$51 million in foregone revenue to CSU campuses.

This enclosed report is required by Section 66021.1 of the Education Code.

If you have any questions about this report, please contact Mr. Dean Kulju, Director, Student Financial Aid Services and Programs at (562) 951-4737.

Sincerely,

Steve Helyes

Executive Vice Chancellor and Chief Financial Officer

White, Chancellor, California State University Loren Blanchard, Executive Vice Chancellor and Chief Academic Officer Garrett Ashley, Vice Chancellor, University Relations and Advancement Ryan Storm, Assistant Vice Chancellor for Budget Kathleen Chavira, Assistant Vice Chancellor, Advocacy and State Relations Kara Perkins, Executive Budget Director Dean Kulju, Director, Student Financial Aid Services and Programs, Student Academic Support

# INSTITUTIONAL FINANCIAL AID PROGRAMS AT THE CALIFORNIA STATE UNIVERSITY

Section 66021.1 of the California Education Code directs the California State University (CSU) to report annually to the Legislature on its institutional financial aid programs. This final report is provided in response to the request, which reads as follows:

66021.1 (b) The California State University shall, and the University of California is requested to, report annually to the Legislature on their respective institutional financial aid programs. The California State University shall, and the University of California is requested, to provide reports on or before March 31 of each year.

- (c) The reports shall include all of the following:
- (1) A description of the goals, terms, and policies of each of the university's institutional aid programs, including eligibility criteria, allocation of financial aid awards, fee waivers, and other relevant information.
- (2) A description and explanation of any changes the university has made to any of these policies since the prior year, and any changes the university intends to make for the next academic year.
- (3) The total amount the university expended on institutional aid for students, for the two prior academic years, the current year, and a projection for the next year, and the average and 90<sup>th</sup> percentile undergraduate institutional aid award amount provided per recipient for the prior two academic years and the current academic year.
- (4) By parental income level or expected family contribution deciles, both of the following information for the prior academic year:
- (A) Net price, which shall be the balance of the total cost of attendance minus all grant aid.
- (B) The percentage of students receiving institutional aid and the average dollar amount of that institutional aid.
- (5) For the prior academic year, the current academic year, and the budget year, and an analysis identifying the estimated number of undergraduates with financial need; their aggregate cost of attendance and aggregate expected federal parent contribution; the aggregate amount of financial aid, including federal gift aid, state gift aid, institutional need-based aid, institutional merit-based aid, other institutional gift aid, and private gift aid, received by these students; the aggregate remaining amount to be met by work, borrowing, or other means; and an explanation of the estimated change in aggregate student need in the budget year resulting from changes in the cost of attendance, and other factors, including any fee increases proposed by the university in its fall budget proposal. The explanation shall include an estimate of the extent to which cost increases will be offset by federal, state, and institutional financial aid programs. The explanation shall also include an explanation of how year-to-year non-tuition cost increases were calculated.
- (6) The typical financial aid package for a typical dependent undergraduate student with a parent income of twenty thousand dollars (\$20,000), forty thousand dollars (\$40,000), sixty thousand dollars (\$60,000), eighty thousand dollars (\$80,000), and one hundred thousand dollars (\$100,000).
- (7) An aggregate summary of financial aid awarded to students, including scholarships, grants, waivers, loans, and work-study awards from federal, state, institutional, and private sources for the prior academic year.
- (8) Indicators of effectiveness of university's aid programs in achieving the university stated goals related to financial aid.
- (9) Information on students who submit a Free Application for Federal Student Aid, or Dream Act Application, but do not receive Cal Grant or institutional financial aid for the prior academic year. This information shall be disaggregated by race, ethnicity, expected family contribution deciles, and dependency status.

(10) The California State University shall include information on the number of students who are eligible for a grant pursuant to the State University Grant Program but do not receive it or receive a partial award for the prior academic year. This information shall be disaggregated by race, ethnicity, and campus of attendance.

### **Financial Aid Reports**

In addition to this report, the university produces a variety of ad hoc reports, which contain a variety of information including student costs, trends, and historical data. Information regarding fees and financial aid is provided to the Board of Trustees throughout the year as part of finance and budget presentations and discussions.

# **Overview of Institutional Aid Programs**

Historically, California has made a strong commitment to provide access to public postsecondary institutions while making it a priority to keep fees low at these institutions. Up until the Educational Opportunity Program was introduced in 1969 the availability of federal student aid programs, along with the state's scholarship program, precluded the apparent need for any system wide financial aid program at the CSU. The Program was introduced in order to promote expanded educational opportunities for low-income disadvantaged students. With its success, public institutions have continued to see more individuals afforded the ability to go to college, despite increases in the cost of attendance for postsecondary education. As such, the CSU and other higher education institutions have employed efforts to ensure that financial aid is available to assist students in meeting their costs to pursue their college degrees and overcome financial barriers. See Table 1.1 Institutional Aid Expenditures.

### **Goals for Institutional Aid Programs**

Institutional aid programs contribute to a robust assortment of federal and state programs that make it possible to address the financial needs of CSU students. The CSU Board of Trustees adopted a fee and financial aid policy in 1993 with the goal to cover the State University Fee for financially needy students. In response to Trustee policy, to the maximum extent possible, the CSU offsets the tuition for low and middle-income students utilizing the State University Grant and Cal Grant programs to promote access and ensure affordability for students with the least ability to pay. While not all CSU students may be eligible for grants, when they are campuses construct financial aid packages with grants first then work study and loans in order to minimize student indebtedness.

#### State University Grants (SUG)

The State University Grant (SUG) program was established for the 1982-83 award year with a General Fund appropriation of \$3.4 million. Due to fiscal considerations, General Fund support for the SUG program leveled off at \$33.7 million in 1992-93. Absent an increase in state support for the SUG program, in March 1993, the CSU Board of Trustees approved the framework for a new student fee and financial aid policy that called for dedicating one-third of new revenues due to tuition rate increases to the State University Grant program. The CSU commitment to this program for 2018-2019 is nearly \$701 million. The SUG program provides need-based grants to eligible California residents and Dream applicants who enroll at CSU campuses in undergraduate, post-baccalaureate, and graduate programs. Need is based on expected family contribution (EFC), which cannot exceed one half of the campus standard cost of attendance for students living off-campus. The awarding criteria may vary across campuses depending on funds available, student demographics etc.

The CSU is unable to provide information on the number students who are eligible for a grant pursuant to the State University Grant Program, but do not receive it or receive a partial award for the prior academic year because federal guidelines limit data sharing. As such, the CSU Office of the Chancellor does not collect all student level data elements that impact eligibility, such as Free Application for Federal Student Aid (FAFSA) filing date, individual tuition charges, and satisfactory academic progress.

# **Educational Opportunity Program (EOP) Grants**

The Educational Opportunity Program (EOP) Grants were established under the Budget Act of 1969 to provide financial assistance and support services to economically disadvantaged students admitted to the CSU under the Educational Opportunity Program. Program participants must be California residents enrolled in undergraduate degree programs and demonstrate financial need based on EFC, which may vary across campuses. The maximum authorized grant is \$2,000 per year by statute; however, funding for the program has remained static at approximately \$17.5 million since the 1980's. The average award amount of an EOP grant is \$805.

## **Graduate Equity Fellowships**

The Graduate Equity Fellowship program was established in 1985-86 and targets educationally and economically disadvantaged students to promote diversity in our graduate study programs and increase participation in those fields of study. The available funding of approximately \$850,000 was permanently allocated to campuses in 1996-97. The average award amount of a Graduate Equity Fellowship is \$2,438.

#### **CSU Future Scholars Program Awards**

The CSU Future Scholars Program, funded through lottery revenues, was designed to promote college participation of students who are disadvantaged because of economic, educational, or environmental background. Awards are renewable based on satisfactory academic performance. Financial need is not a criterion for eligibility and significant discretion is accorded to campuses in the use of funding to achieve program objectives. This program was designated as a campus based program in 2000-01 thus permitting campuses greater flexibility in the use of available lottery funding. The average award amount of a Future Scholars award is \$1,330.

#### **Campus Fee-Funded Grants**

Several CSU campuses set aside one-third of their resources from campus fee increases per Trustee policy (Executive Order 661) to assist financially needy students. Executive Order 740 superseded Executive Order 661 in April 2000, as requested by campus and student leaders, eliminating this requirement. In 2017-18, 1,445 students received campus fee grants for a total of \$3,111,085.

### **Institutional Scholarships**

CSU campuses provide a variety of institutional scholarships to enrolled students. Funding for these awards typically come from endowments, annual gifts, or other resources designated for this purpose. Eligibility criteria for institutional scholarships vary widely by campus as do application requirements and selection procedures. The average institutional scholarship award amount is \$2,449.

This category of assistance does not include "Outside Scholarships and Grants" where the funding is external to the campus and the determination of eligibility or the designation of award recipients is made by a source external to the institution.

#### **Athletic Scholarships and Grants**

CSU campuses with intercollegiate athletic programs provide athletic scholarships or grants to studentathletes. Typically, the funding is derived from revenues generated by athletic programs or development (fundraising) efforts of the campus and administered in conformance with applicable regulations and guidance from the National Collegiate Athletic Association. Athletic grants and scholarships are generally awarded without respect to financial need but CSU policy requires that all awards be reported to the financial aid office to ensure the coordination of resources provided to need-based financial aid recipients and the prevention of over-awards to students. The average athletic scholarship award amount is \$10,519.

#### **Education Doctorate Grant**

The Education Doctorate Grant program was established in the 2007-08 academic year in conjunction with the independent educational doctorate program. Funding for the program is derived by a 10 percent set aside of the educational doctorate fees. Need based awards are made to California residents demonstrating the requisite need while completing their doctorate program. Award amounts are limited to the amount of education doctorate fees. In 2017-18, 343 students received funding for a total of \$1,766,408.

# **Doctor of Physical Therapy Grant**

The Doctor of Physical Therapy Grant program was established in the 2012-13 academic year in conjunction with the doctorate program. Funding for the program is derived by a 33.3 percent set aside of the doctorate fees. Need based awards are made to California residents demonstrating the requisite need while completing their doctorate program. Award amounts are limited to the amount of physical therapy doctorate fees. In 2017-18, 424 students received funding for a total of \$3,315,077.

# **Doctor of Nursing Practice Grant**

The Doctor of Nursing Practice Grant program was established in the 2012-13 academic year in conjunction with the doctorate program. Funding for the program is derived by a 20 percent set aside of the doctorate fees. Need based awards are made to California residents demonstrating the requisite need while completing their doctorate program. Award amounts are limited to the amount of nursing practice doctorate fees. In 2017-18, 28 students received funding for a total of \$419,124.

#### **Graduate Business Grant**

The Graduate Business Grant was established in the 2009-10 academic year consistent with the graduate business professional fee. Funding for the program is derived by a minimum 25 percent set aside of the graduate business professional fee. Need based awards are made to California residents demonstrating the requisite need while completing their master's program. Award amounts are limited to the amount of graduate business professional fees. In 2017-18, 959 students received funding for a total of \$2,959,045.

#### California Dream Loan

The California Dream Loan was established in the 2015-16 academic year. For the 2015-16 academic year, \$2 million was allocated systemwide. Of this, \$1 million lottery fund revenues and \$1 million state general fund was allocated to 22 CSU campuses based on eligible student population. In 2016-17, the state did not allocate funding for the CA Dream Program in the budget for the CSU. To fund the program at the same level as the 2015-2016 academic year, the CSU rolled-over unexpended funds from the 2015-2016 academic year and centrally funded the difference, with lottery funds, for a total of \$2 million Systemwide available for loans. As such, in 2017-18, 532 students received funding for a total of \$1,542,920. See California Dream Loan chart for additional information.

#### **Waivers of Tuition Fee**

In addition to traditional financial aid programs, fee waivers for tuition and campus-based fees are provided to students per the Education Code. During the years covered by this report, mandatory waivers are available to dependents or survivors of disabled or deceased California veterans, certain recipients (or children of recipients) of a Congressional Medal of Honor, children or surviving spouses of deceased public law enforcement or fire suppression employees who were California residents and who were killed in the course

of law enforcement or fire suppression duties, and dependents of victims of the September 11, 2001 terrorist attacks. In addition, campuses have the authority to provide "discretionary" fee waivers to various categories of students. More detailed information is provided in the CSU Mandatory Waiver Report later in this report.

### Recent and Anticipated Changes to Institutional Aid Policy

Effective with the 2019-20 academic year, SUG may be awarded to cover up to 50 percent of campus-based mandatory fees. Table 1.1 reflects the Institutional Aid expenditures for 2017-18.

#### **Mandatory Fee Waiver Programs**

The CSU Mandatory Waiver Report later in this report reflects the actual number of waivers provided. The table also provides the minimum, average, and maximum amounts of waivers granted; as well as the aggregate cost of waivers for each CSU mandatory waiver program. CSU defines mandatory waivers as those mandated by state law — Alan Pattee, California Veteran, and 9-11 Victims Dependents. CSU also funds a number of non-state mandated waivers that are required by collective bargaining agreements (Employee and Dependents), state policy (California Residents 60+), and CSU policy that addresses state policy concerns (High School Students Special Programs).

#### **Undergraduate Student Expected Family Contribution by Decile**

The data in the table below includes information on nearly 232,000 dependent ungraduated students who received aid sorted by decile from the lowest EFC to the highest. Of those, more than 95,000 received institutional aid or 41 percent of dependent undergraduate students. Students in the lower EFC deciles who did not receive State University Grants may have received Cal Grant awards. A student may not receive both a State University Grant and the Cal Grant tuition award. Nearly 50 percent of the 232,000 undergraduate dependent students received Cal Grant awards. There are two conclusions to draw from this table: (1) the lowest average net price is for the most financially-needy group of students and the highest average net price is for the least financially-needy group of students and (2) the most financially-needy students receive institutional aid.

Decile	No. of Dependent Students	Expected Family Contribution	Net Price	No. of Students with Institutional Aid	Percent of Students within the decile with Institutional Aid	Average Insitutional Aid
1	23,187	\$ 	\$ 9,170	13,787	59%	\$ 4,611
2	23,187	\$ 	\$ 8,565	13,360	58%	\$ 4,664
3	23,187	\$ -	\$ 9,533	12,988	56%	\$ 4,674
4	23,187	\$ 200	\$ 10,742	14,250	61%	\$ 4,634
1110 1-1111-11-11-5	23,187	\$ 1,467	\$ 10,515	12,681	55%	\$ 4,785
6	23,187	\$ 3,290	\$ 12,487	11,468	49%	\$ 4,890
7	23,187	\$ 6,388	\$ 15,310	7,739	33%	\$ 4,812
8	23,187	\$ 11,841	\$ 17,958	3,095	13%	\$ 4,294
9	23,187	\$ 22,589	\$ 20,003	2,575	11%	\$ 3,770
10	23,187	\$ 99,999	\$ 21,733	3,124	13%	\$ 3,570

The above data is not inclusive of all CSU aid recipients. It is limited to dependent undergraduates and highlights those who received institutional aid only. Institutional grants are limited to eligible students based on EFC, need, and other criteria; the institutional aid detailed in this chart includes institutional scholarships, institutional long-term loans, and athletic scholarships, which are not based on student financial need or EFC.

Also, it should be noted that this data does not conform to the national standard for calculating the net price as detailed in Integrated Postsecondary Education Data System or the student Net Price Calculator provided by the federal Department of Education. Therefore, this information and information from federal sources will not be consistent. As an example of differences, the federal standard accounts for the housing type and weighs the net price based on the percentage of students in the varying housing types: living on-campus, living with parents/family, living off-campus not with family. Also, federal net price calculations are calculated by CSU campus and can be found at <a href="https://nces.ed.gov/collegenavigator/">https://nces.ed.gov/collegenavigator/</a>.

### **Effectiveness of Institutional Aid Programs**

The following information is from the 2017-2018 academic year:

Of all CSU students, nearly 84 percent receive some form of financial assistance and 73 percent of undergraduate financial aid recipients have their fees fully covered by grants, scholarships, or waivers.

Regarding student indebtedness, the most recent national information for baccalaureate recipients is from the 2016-2017 academic year:

2016-2017	Amount of Debt	% with Debt
CSU Average	\$17,367	49%
California Average	\$22,785	50%
National Average	\$28,650	65%

CSU students are approximately 27 percent below the state average. Source: The Project on Student Debt "Student Debt and the Class of 2017", December 2018

# Undergraduate Aid Applicants without Cal Grant or Institutional Financial Aid

The following information is for the more than 94,000 students who submitted a FAFSA or California Dream Act Application (CADAA), but do not receive Cal Grant awards or institutional aid for the prior academic year (2017-18). There are many reasons why students that applied for financial aid did not receive a Cal Grant or institutional aid. For example, students may not receive financial aid due to failing to file the FAFSA or CADAA by the March 2 deadline. Also, there is a finite pool of resources that supports the CSU's State University Grant program; it is not an entitlement program and not all eligible students receive a grant. Students may not have enrolled in the minimum units required to receive Cal Grant or institutional aid. Still, there are other eligibility criteria that affect eligibility for state and institutional aid funding.

Of approximately 94,000 students, 69 percent were dependent students and 31 percent were independent students.

The following table identifies the 94,000 students by race. The demographic information shows that students who apply for aid, but do not receive Cal Grants or institutional aid are in proportion to the overall CSU enrollment demographics.

The California State University Institutional Aid Program Report

Race	Percentage
White	27.0%
Black/AfricAmerican	4.8%
American Indian or Alaska Native	0.3%
Asian	15.9%
Native Hawaiian or Other Pacific Islander	0.4%
Two or More Races	6.1%
Hispanic/Latino	39.9%
Unknown	5.6%
Total	100.0%

The following table depicts the EFC by decile for the 94,000 students. It is noted that there are students with EFCs (or income equivalent) that meet the Cal Grant or SUG awarding criteria, but did not receive awards. Cal Grant and SUG eligibility is based on more criteria than just EFC (or income equivalent). To qualify, students must meet all eligibility criteria.

Deciles	EFC
1	\$ 2,761
2	\$ 5,822
3	\$ 7,896
4	\$ 10,288
5	\$ 13,023
6	\$ 16,329
7	\$ 20,632
8	\$ 26,836
9	\$ 37,758
10	\$ 99,999

#### **Undergraduate Student Costs and Resources**

The following tables reflect data on the aggregate cost of attendance, EFC, financial need, and the aid received from various sources on the part of financially-needy undergraduates enrolled at the CSU. The tables also include an entry for outstanding or unmet need.

In reviewing these tables it is important to note that the aggregate amounts of financial aid cannot be deducted from the aggregate need figure to determine the outstanding or unmet need. Some students with financial need receive aid in excess of their evaluated need; this occurs when students receive unsubsidized student loans or parent loans to replace all or a portion of the EFC.

Financial need is determined by deducting the amount of the EFC determined through the federal need analysis methodology from the student's Cost of Attendance (COA). Student financial aid administrators on the campuses then offer the student a "package" of financial aid taking into account the total aid that the student might receive from all sources. When financial aid program resources are not adequate to award a student the full amount of their financial need, a student may appear to have unmet need. Unmet need may be created when a student who is awarded work-study does not work the requisite number of hours required to earn the full amount of the work-study awarded. A student may also elect not to borrow, thus creating unmet need to the extent of student loans included as a part of the package. In addition, a student may elect

to decrease the costs used to determine their financial need, e.g., sharing an apartment with several roommates.

Year-to-year non-tuition costs included in each California State University's annual Cost of Attendance are calculated by each campus using the federally-approved methodology, Student Expenses and Resources Survey data produced by the California Student Aid Commission, and costs as approved by the university related to housing and campus-based fees. Per federal guidance, the student's COA is an estimate of a student's educational expenses for that period of enrollment; campuses may adjust a student's COA based on actual costs when necessary.

During 2017-2018, there were 308,397 CSU undergraduates who demonstrated financial need and received financial aid. This number represents approximately 73 percent of the college year undergraduate headcount enrollment of 421,670 undergraduates for 2017-2018.

2017-18 Undergraduates

Aggregate Need and Aid	Students	Dollars	Avg
Cost of Attendance	308,395	\$6,775,275,001	\$21,969

Total Loans	137,200	\$1,037,232,000	\$7,560
Total Financial Aid	315,000	\$3,857,758,300	\$12,200
Outstanding/Unmet Need	281,500	\$2,262,691,700	\$8,040

# Typical financial aid packages for dependent students

This table/graphic would show the financial aid package received by a typical dependent student with a family income of: (a) \$20,000; (b) \$40,000; (c) \$60,000; (d) \$80,000; and (e) \$100,000.

The following tables assume that the student resides in off-campus housing (typically a shared apartment) and is an entering freshman. The parent contribution assumes a family of four with only one in college.

2018-2019 Academic Year	Parent Income								
2010-2017 Academic Tear	\$20,000	\$40,000	\$60,000	\$80,000	\$100,000				
Cost of Attendance	\$26,096	\$26,096	\$26,096	\$26,096	\$26,096				
Parent Contribution	\$0	\$187	\$3,363	\$7,462	\$13,813				
Financial Need	\$26,096	\$25,909	\$22,733	\$18,634	\$12,283				
Typical Financial Aid Package									
Federal Pell Grant	\$6,095	\$5,945	\$2,745	\$0	\$0

Section 70035 of the California Education Code directs the CSU to report annually to the Legislature on the DREAM loan program. The following information is provided in response to the request, which reads as follows:

- (g) (1) The California State University and the University of California shall annually report to the Legislature as part of their respective annual financial aid reports the dollar amount of each DREAM loan awarded and number of students for whom a DREAM loan was awarded that academic year.
- (2) Each institution, including an institution described in subdivision (f), shall annually report all of the following:
- (A) The total amount of funding in the institution's DREAM revolving fund.
- (B) The annual amount contributed by the state to the institution's DREAM revolving fund.
- (C) The annual amount contributed by the institution to the institution's DREAM revolving fund.
- (D) The annual administrative costs of the DREAM Program at the institution.

San Bernardino	\$119,600	\$0	\$120,000	\$0
San Diego	\$72,675	\$0	\$75,000	\$3,573
San Francisco	\$129,621	\$0	\$130,000	\$48
San Jose	\$104,718	\$0	\$110,000	\$0
San Luis Obispo	\$44,423	\$0	\$47,000	\$2,200
San Marcos	\$55,500	\$0	\$60,000	\$0
Sonoma	\$38,895	\$0	\$42,000	\$1,800
Stanislaus	\$60,000	\$0	\$60,000	\$2,547
Total	\$1,475,951	\$0	\$1,988,000	\$21,680

The difference between lottery funding and total funding is the unexpended funds rolled forward from the prior year. In the future when state General Fund is no longer available for this program, it is anticipated that lottery funding provided to the CSU will be the institution's funding source for this program.

FINAL REPORT: Aggregate Summary of Financial Aid Awarded

Section 66028.6 of the Education Code requires the CSU trustees to provide information regarding expenditures of revenues derived from student fees and the uses of institutional financial aid to the Legislature annually. CSU annually reports the use of student fee revenues in the Governor's Budget "DETAILED EXPENDITURES BY PROGRAM" section for the past, current and budget year. As requested in Education Code section 66028.6, CSU is including additional details of the information presented in the Governor's Budget in this institutional financial aid report. This information is designed to be representative of student fee revenue expenditure categories. CSU combines all General Fund and fee revenue for efficient fiscal operations. It does not budget nor expend resources by individual fund source.
