

We want to know your experience

The Educator Quality (EdQ) Center wants to get your feedback on the extent to which you feel prepared to succeed in today's classroom. You will be invited to complete two surveys which will inform campuses on how to strength preparation programs.

ABOUT EdQ Center

EdQ Center helps the CSU Schools and Colleges of Education improve their programs and results through informed analysis and insightful decisions. Through ongoing surveys we help campuses stay connected to the needs of CSU-trained educators and the schools and systems that hire them. Plus, we partner with campuses to grow their capacity to apply this data and continuously enhance their approaches and supports for candidates pursuing teaching credentials.

WHY do the surveys

- ✓ **IMPROVEMENT** - Changes to teacher preparation programs will be informed by your feedback.
- ✓ **FUTURE BENEFITS** - Extra supports may be given to former students to promote retention and success in the field.
- ✓ **RAFFLES** - Year One Teachers who submit a completed survey get entered into a raffle for one grand prize for **\$1,500** towards a conference or travel stipend, and twenty runners-up will receive **\$50 gift cards**.

Completer Survey

This collaborative survey effort is administered jointly by California Commission on Teacher Credentialing (CTC) and the CSU. CSU campuses will issue invitations to teaching credential students who are about to finish their credential program. Contact your campus about whether the submission of the Completer Survey is part of the paperwork for being recommended for a credential.

Year One Teacher Survey

During your first-year of teaching in a public school, charter school, or private school, you will be invited to take another survey. These invitations will typically be sent ever April and follow-up reminders are sent every two weeks throughout the duration of the survey window.
